Mr. WALPIN made available the stenographer's minutes of file 60-CR935 in the case entitled United States vs. SAM GARFIELD. These minutes indicate that HYMAN BRAVIN appeared in court on November 15, 1960 to request an adjournment of the pleadings. BRAVIN was representing SWANN, GARFIELD, ROEN and PASTERNAK. BRAVIN urged the court to grant an adjournment to December 6, 1960, and received an adjournment to November 22, 1960 when Attorney WILLIAM MULLIGAN appeared for the defendants and pleaded not guilty.

In the investigation conducted by the New York Office of the Federal Bureau of Investigation (FBI) in the case entitled [REDACTED] ADMINISTRATIVE INQUIRY-BRIBERY", information was received from United States Attorney ROBERT M. MORGENTHAU, Southern District of New York, in September, 1961, that he had received information that [REDACTED]

We learned from our Las Vegas Office on July 12, 1962, of a discussion had between [REDACTED] who is a [REDACTED] and [REDACTED]

[REDACTED] was discussing with [REDACTED] extreme pressure being applied by the Federal Government at the present time on the Nevada gambling industry. [REDACTED] during this discussion, said, "you know I'm going to tell you something. The guy who's the head of the Criminal Division in the Department of Justice is a guy named Miller. Miller is right under Kennedy. He is in charge of all these investigations. Now this is just between you and me and nobody else. Miller was contacted to determine if he would be willing to trade Las Vegas for Roy Cohn and Miller said 'absolutely no.'"

The above appears to be a clear indication the hoodlum element would trade Roy Cohn, former chief counsel for the late Senator McCarthy's Senate Committee and who is presently under investigation with a former Assistant United States Attorney in New York City for violation of the Federal Bribery Statutes, or anyone else, if such action would relieve the investigative pressure presently being applied to the Nevada gambling industry.

NEVADA GAMBLING INDUSTRY

A source of our Las Vegas Office has advised that Las Vegas gamblers are greatly concerned over the extreme pressure being applied by the Federal Government on the Nevada gambling industry.

According to our source, these gamblers identified Mr. Herbert J. Miller, Jr., as the head of the Criminal Division, Department of Justice, and the person in charge of all the investigations directed at the Nevada gambling industry. It was indicated that an approach had been made to Mr. Miller to determine whether he would "trade Las Vegas" for "Roy Cohn." According to our informant, Mr. Miller flatly rejected this approach by these gamblers.

Roy Cohn, mentioned above, undoubtedly is the individual who was chief counsel for the late Senator McCarthy's investigative committee. Roy Cohn and a former Assistant United States Attorney in New York City are the subjects of an investigation presently being conducted by this Bureau under the Federal Bribery Statutes.

The above is for your information. It is requested that the information furnished by the confidential source be given complete security in order that the source will not be jeopardized.

This is to advise of the action taken by Supervisor A. C. Larson of the General Investigative Division upon receipt of New York teletype of 7/26/62, which indicated that George Sokolsky was concerned over the Bureau's investigation of this matter. Result of contact by Wick with Sokolsky concerning this matter is also set forth.

BACKGROUND:

This is the investigation being conducted into the alleged payment of \$50,000 to Morton Robson, while he was Assistant United States Attorney Southern District of New York, and to Roy Cohn, by subjects of a Securities and Exchange Commission (SEC) case to control the indictment in the SEC case. A Federal Grand Jury is presently probing into this matter in Southern District of New York.

The New York Office arranged an appointment for [redacted] to be interviewed on 7/26/62. On that date the New York Office advised by teletype that [redacted] contacted the New York Office and [redacted]

In view of the above, Supervisor Larson contacted Mr. DeLoach's office upon receipt of this teletype concerning George Sokolsky and discussed the matter with Supervisor [redacted]. After discussing the contents of the New York teletype, Supervisor Larson pointed out that a note was being prepared as to the background of this case for the Director's information. Inquiry was made as to the Bureau's

relations with Sokolsky. Their views as to the appropriate handling of the Sokolsky interest were asked. It was pointed out that consideration was being given to recommending that Sokolsky be contacted by someone from Mr. DeLoach's office.

[redacted] b7C was unable to assist in this matter. After consulting Mr. Wick he stated that Wick had discussed the matter with the New York Office telephonically and felt the allegations made by [redacted] as to Sokolsky's interest in this matter were baseless. He further advised that relations with Sokolsky are such that if he had an interest in this matter or if he, Sokolsky, disagreed with the manner in which the Bureau is handling the investigation he would consult the Bureau before taking any action. [redacted] stated it was not felt that a recommendation to contact Sokolsky was appropriate.

The incoming teletype from the New York Office dated 7/26/62 expressing [redacted] views and stating that [redacted] b7C was immediately sent forward with a note for the Director's attention. The note attached to the wire identified this case and furnished brief background concerning the matter. It was also pointed out that there has been no indication as to how Sokolsky is involved in this matter and the reason for his interest in it at this time was unknown.

These are all wrong - 8/1/62
FAC ✓ On 7/27/62, teletype from the New York Office was sent forward with a note for the Director's information indicating that the New York Office had stated that upon the conclusion of the interview of [redacted] sent a letter to Inspector DeLoach at the Bureau setting forth [redacted] contacts with various Las Vegas people and others reputed to be engaged in hoodlum activities and that this letter was sent to Mr. DeLoach on the basis of advice received from George Sokolsky. The letter had not been received in Mr. DeLoach's office on the 27th, and still has not been received as of the morning of the 28th. b7C D

INTERVIEW WITH SOKOLSKY:

George Sokolsky was contacted at his Summer residence in Otis, Mass., by Mr. Wick on the afternoon of 7/27/62, at which time Sokolsky advised that he was disturbed in connection with the investigation of this case. He also advised that he believed that this investigation is becoming a harrassment to Cohn, [redacted] and others. b7C b3 He said that while [redacted] was before the Federal Grand Jury many improper questions were asked by an assistant from the Department in Washington. He thought this was wrong.

Memorandum to Mr. McGrath
RE: MORTON ROBSON, ET AL.

Mr. Sokolsky said that he talked with Lou Nichols about the advisability of writing in a column, blasting the Department on the impropriety of questions asked in the grand jury. Nichols had advised against this action. Mr. Sokolsky said he did not intend to do anything until he had talked further with the Bureau, but he did feel the FBI was being used and if we were forced to continue this line of investigation the FBI could well get the reputation of persecuting people and he did not want this to happen. Sokolsky was told that the FBI was only carrying out the orders of the United States Attorney in New York who is in personal touch with the Attorney General. Sokolsky said that he would hold off writing any column until he had thoroughly discussed the matter with Mr. DeLoach.

INTERVIEW WITH [REDACTED]

is entirely in hands of A.G.
Pursuant to the request of the U. S. Attorney (USA) to interview [REDACTED] an appointment was made with [REDACTED] to conduct the interview on 7/26/62. On that date [REDACTED] attorney called the New York Office and advised that he felt it was advisable that [REDACTED] be interviewed in the presence of his attorney. It was explained to his attorney that [REDACTED] had every right to be represented by an attorney and that at no time did the New York Office insist that [REDACTED] be interviewed alone.

[REDACTED] subsequently called the New York Office and said that since he had an interest of his own in this matter, he would come to the New York Office without his attorney for interview. He indicated this was against the advice of his attorney but said he would do it anyway. It was again explained to [REDACTED] that he was entitled to an attorney for this interview.

[REDACTED] voluntarily appeared at the New York Office for interview. [REDACTED] was advised that this interview was being conducted at the specific request of the U. S. Attorney. The New York Office did not indicate in the teletype that [REDACTED] was so advised but will include this in the detailed report of the interview.

ASAC Bryant, New York, was instructed of the importance of following this procedure when conducting controversial interviews. Bryant said this procedure is well understood by that office and is followed in all instances. He expressed regret that the teletype regarding this interview did not reflect this information.

Memorandum to Mr. McGrath
RE: MORTON ROBSON, ET AL.

b7c

We sincerely regret that we did not follow through to make sure that New York had advised [REDACTED] that the interview was at the request of the USA prior to sending the teletype to the Director. We do want the Director to know that we are always alert to make certain interviewees are informed that the interviews are being conducted at the request of the USA or the Department.

I had quite a conversation with George Sokolsky last night regarding captioned case. This is the investigation being conducted into the alleged payment of \$50,000 to Morton Robson while he was United States Attorney, Southern District of New York, and to Roy Cohn, by subjects of a Securities and Exchange Commission (SEC) case to control the indictment in the SEC case. A Federal Grand Jury is presently probing into this matter in the Southern District of New York.

[REDACTED] and requested, on 7-24-62, that he be interviewed by the New York Office. After our Agents contacted [REDACTED] his attorney called and stated he did not think it advisable for [REDACTED] to be interviewed without the presence of his attorney. Shortly thereafter, [REDACTED]

Wick, in my absence, discussed this matter with Sokolsky 7-27-62. Sokolsky was previously quoted as saying he desired to write an article reflecting the handling of this matter by the FBI. He told Wick the investigation is becoming an harassment to Cohn [REDACTED] and others. Sokolsky had previously told L. B. Nichols that he might write a column blasting the Department and indicating that the FBI was being "used."

Upon talking with George on the night of 7-31-62, I told him I had just gotten back from five days leave and had learned he had a "beef" regarding this case. He then launched into a tirade about the impropriety of the FBI harassing innocent people. He stated he was considering writing an article about this matter. He made specific reference to an Agent by the name of [REDACTED] (Special Agent [REDACTED] of the New York Office) who reportedly told a woman he had interviewed, "Roy Cohn is in great trouble." Sokolsky stated the Agent had no right to say this. Sokolsky said that our New York Agents had apparently told [REDACTED] they would not interview him if he insisted upon his attorney being present.

Re: Morton Robson

I told George that his attitude was typical of the type he developed every year at this time, that it seemed to me that each summer when he went to Otis, Massachusetts, to his farm he did nothing but sit on the edge of the lawn with a 60 foot extension to his telephone and pontificate like the Pope. I told him that he had a background of 20 years friendship with the FBI and that it seemed rather ridiculous that he was willing to throw all of this away simply based upon the words of other people. I told him that obviously he had taken this matter out of its right perspective, that for many months now he had gone through great pains to build up the Department of Justice in all categories yet he was losing sight of the fact at the present time that the Department issued instructions to the FBI. The point was made that obviously we were conducting this investigation at the instructions of the Attorney General.

George interrupted me at this point and stated one week ago the Attorney General had looked him squarely in the eye and had told him he knew nothing about this case. I told George this could not be true inasmuch as he, Sokolsky, had told me approximately two weeks ago that he had thoroughly discussed this case with the Attorney General and that the Attorney General had ordered U. S. Attorney Morgenthau to arrange an appointment with Roy Cohn. George admitted this but stated that he had meant to say that the Attorney General was not personally supervising this case. I told George this made no difference, that the Department of Justice, of which the Attorney General is the head, had specifically instructed the FBI to carry out this investigation and that George should look to the Department rather than the FBI for leveling his criticism.

George tried to make the point that the FBI should stand up against the Department when we knew we were being "used." I told him this attitude was perfectly ridiculous particularly for an old line columnist like himself who should know better than to make such statements.

I told George we would make an immediate check concerning whether b7 Special Agent [redacted] had made the above-mentioned statement or not. I also explained c to him the desirability of interviewing individuals without the presence of attorneys who constantly interrupted and prevented efficient handling of interviews. I mentioned this, of course, did not preclude the right of any individual to contact their attorney and that our activities in the past consistently reflected that individuals were always advised of their rights to contact an attorney.

George asked me what I was so mad about. I told him I was not angry about anything, however, merely desired to square him away before he went off half cocked. He then stated that I should know that he was pulling a bluff. I told him I suspected this all along, particularly in view of the fact I knew he would call me before writing anything derogatory concerning the FBI. He stated this would always be true, however, he wanted to "scare the hell" out of L. B. Nichols inasmuch as Nichols had been trying to take away certain prerogatives of his at Schenley Industries. I told

DeLoach to Mohr 8-1-62
Re: Morton Robson

George he could scare Nichols all he wanted to but he should stay the hell away from the FBI in connection with such threats.

We went on for some period of time in the usual argumentative manner in which I have dealt with George for some years. He obviously has no intention of writing a column concerning the FBI and fully understands that we conduct these investigations at the specific instructions of the Attorney General. He obviously bluffed L. B. Nichols into thinking that he was going to write a column which would include the FBI.

I have instructed ASAC Winterrowd of the New York Office to immediately obtain an affidavit from Special Agent [redacted] in connection with George's allegation. Based upon the facts obtained, I plan to call George back and, if our condition is favorable, ram these facts down his throat.

This is the investigation being conducted into the alleged payment of \$50,000 to Morton Robson while he was Assistant U. S. Attorney, Southern District of New York, and to Roy Cohn by subjects of a Securities and Exchange Commission (SEC) case to control the indictment in the SEC case. A Federal Grand Jury is presently probing into the matter in the Southern District of New York.

As fully reported in previous memoranda, and particularly in my memorandum of 8-1-62 (attached), George Sokolsky was told by someone (obviously either Cohn or [redacted] of Cohn who testified before the Grand Jury 7-10-62) that a Special Agent [redacted] had told [redacted]

"Roy Cohn is in great trouble." Sokolsky made threats to L. B. Nichols and to Wick of my office that he planned to write an article about the harassment by the FBI of Cohn and [redacted] specifying the alleged ill-advised remark by Special Agent [redacted]

As my memorandum of 8-1-62 reports, I talked to Sokolsky at some length about this matter with the result that he eventually admitted that his threat was a bluff, that he only made this threat to write an article to throw a scare into L. B. Nichols, with whom he is having some difficulty at the present time at Schenley Industries. I told Sokolsky at the time of our conversation I intended to check very thoroughly into the alleged remark by Agent [redacted] and that I would be back in touch with him. The Director approved this action.

There is attached an Airtel from our New York Office dated 8-1-62 which, in turn, encloses signed statements from Agent [redacted] and Special Agent [redacted] who was present during the two interviews with [redacted], denying making such a statement. As a matter of fact, the Agents point out that [redacted] several times asked them to tell her what kind of trouble Roy Cohn was in. The Agents very properly refused to do this.

Re: Morton Robson, Roy Cohn, Bribery

b7c

I called Sokolsky back at 11:30 a.m., 8-6-62, and told him I had all the details and was ready to square off with him about this matter. I then read to him the statement executed by Special Agent [redacted] and told Sokolsky this was confirmed by a second statement executed by Special Agent [redacted] who was present during the interviews. I told Sokolsky this confirmed our earlier beliefs that our Agents had made no such statement and that he, Sokolsky, had gone off half cocked in believing someone else who obviously was intentionally trying to get him "stirred up."

b2

George led into [redacted] and Cohn with some vengeance. He stated he now realized that he was absolutely wrong in making the allegation against Agent [redacted]. He stated he had been used by [redacted] and Cohn and that he resented this very much. He went on to say that [redacted] the woman interviewed by the Agents, is a "dope" and he does not trust her in the least. He added that [redacted] and Cohn should learn to keep their mouths shut and that he planned telling both of them that he will not be used any further in connection with the case. George also told me that obviously Cohn or [redacted] had caused [redacted] to ask the Agents, "What type of trouble is Roy Cohn in?" He stated this, too, was very ill-advised and was a stupid tactic on the part of Cohn and [redacted].

b7c

I took the opportunity of telling George once again that he should keep several things in mind. First, that the FBI was investigating this case at the instructions of the Attorney General and second that when instances of the above nature arise he should call me personally rather than going off half cocked. I told him that we had always leveled with him in the past and would do so in all instances; however, when he took somebody else's word against ours without checking, that it was his own fault that he was "used." He stated he now realized this fact and appreciated our being so blunt in correcting him.

ACTION:

No administrative action is recommended in connection with Agents [redacted] and [redacted] inasmuch as it appears obvious that they conducted themselves in a proper manner. We will keep in touch with Sokolsky regarding this matter.

**SUBJECT: MORTON ROBSON
ROY COHN
BRIBERY**

This is to advise of additional investigation requested by U. S. Attorney Robert M. Morgenthau, Jr. in this case as well as information developed by means of a microphone surveillance regarding an attempt by Roy Cohn to persuade a Government witness to change his testimony as to the "payoffs." Recommended that this be furnished to the U. S. Attorney.

BACKGROUND:

This relates to the investigation being conducted into the alleged payment of \$50,000 to Morton Robson while he was an Assistant U. S. Attorney, Southern District of New York, and to Roy Cohn by subjects of a Securities and Exchange Commission (SEC) case to control the indictment in the SEC case. A Federal grand jury is presently probing into this matter in the Southern District of New York.

ADDITIONAL INVESTIGATION:

The New York Office by airtel dated August 6, 1962, advised of a conference between ASAC A. M. Bryant of the New York Office, U. S. Attorney Robert M. Morgenthau, Jr. and Assistant U. S. Attorney Silvio Mollo, Chief of the Criminal Division, Southern District of New York, held on August 2, 1962.

During this conference the U. S. Attorney stated that the Federal grand jury investigation of this matter was continuing and that he did not desire Robson and Cohn to be interviewed at this time. He requested, however, [REDACTED]

_____ contributed \$25,000 of the \$50,000 allegedly paid to Robson and Cohn. he interviewed.

New York advised that it is apparent [redacted] and [redacted] have information which they have not made available to the United States Attorney or the FBI, and requested authority to advise the United States Attorney of the information developed concerning [redacted] as well as that developed by the surveillance. New York recommended that this information be furnished to the United States Attorney, particularly since it points up the defense that Cohn is apparently attempting to establish with regard to the "payoff." It was felt by the New York Office that the confidential source would be in no danger by making this disclosure.

New York has been instructed to continue to make certain that all those interviewed are informed that this investigation is being conducted at the specific request of the United States Attorney.

RECOMMENDATION:

That New York be instructed to furnish the information developed to the United States Attorney. The confidential source of this material will, of course, be protected. A memorandum to the Attorney General is ~~also being prepared~~ advising him of the information developed.

ALLEGATION

Morton Robson, while an Assistant U. S. Attorney, Southern District of New York, and Roy Cohn, were allegedly paid \$50,000 by the subjects of a Securities and Exchange Commission Case (SEC) involving the United Dye and Chemical Corporation, to control the indictment in this SEC case. As a result, Samuel Garfield, Allard Roen, Allen Swann, and Irving Pasternak were allegedly omitted from the indictment handed down on 8/25/59. The case was re-presented to a grand jury, and on 11/2/60, all subjects were indicted for the SEC violation. The U. S. Attorney, (USA), Southern District of New York, has for some time had a Federal grand jury probing into the alleged bribery of Robson and Cohn.

Memorandum to Mr. Belmont

b7c It has been determined by a microphone surveillance [redacted] that Cohn has contacted [redacted] and attempted to get him to change his testimony concerning this case. Cohn stated that the USA could not prove this case if [redacted] testified that the payment made to Cohn was for legal fees. It was further developed that Cohn through associates had been passing the word that [redacted] and [redacted] have been cooperating with the Government in this case, and that they have been attempting to apply pressure on [redacted] and [redacted] in an effort to get them to change their story. It was noted through this surveillance that [redacted] and [redacted] seem quite concerned over the number of people becoming aware of this case.

INVESTIGATION BEING CONDUCTED

b7c Investigation is continuing to [redacted] reportedly utilized for the alleged payoff. Also, [redacted] [redacted] are being interviewed in an effort to locate someone that can place Robson in Las Vegas on the payoff date. The New York Office is maintaining daily contact with the USA for pertinent developments in the grand jury probe and for any additional investigation necessary to fully develop this case.

ACTION:

Investigation of this matter is continuing to be vigorously pursued. The deadline for the completion of this investigation is 9/11/62.
